## IMPORTANT NOTICE

IMPORTANT: You must read the following before continuing. The following applies to the final terms following this page (the "final terms"), and you are therefore advised to read this carefully before reading, accessing or making any other use of the final terms. In accessing the final terms, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY THE NOTES DESCRIBED HEREIN AND IN THE BASE PROSPECTUS.

#### Abstract

THE NOTES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER RELEVANT JURISDICTION. THE ISSUER HAS NOT REGISTERED AND DOES NOT INTEND TO REGISTER AS AN INVESTMENT COMPANY UNDER THE INVESTMENT COMPANY ACT OF 1940, AS AMENDED. IN ORDER TO BE ELIGIBLE TO READ THE FINAL TERMS OR MAKE AN INVESTMENT DECISION WITH RESPECT TO THE NOTES DESCRIBED THEREIN, YOU MUST NOT BE A "U.S. PERSON" AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT.

The notes described in the attached final terms have not been approved or disapproved by the United States Securities and Exchange Commission, any state securities commission or any other United States regulatory authority, nor have any of the foregoing authorities passed upon the accuracy or adequacy of the final terms. Any representation to the contrary is a criminal offence.

In the United Kingdom, the final terms are directed only at persons who (i) are investment professionals within the meaning of Article 19 of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 or (ii) are persons falling within Article 49(2)(a) to (d) ("high net worth companies, unincorporated associations etc") of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (all such persons together being referred to as "relevant persons").

The final terms must not be acted on or relied upon by persons other than relevant persons. Any investment or investment activity to which this communication relates is available only to relevant persons and will be engaged in only with relevant persons.

The final terms may not be forwarded or distributed to any other person and may not be reproduced in any manner whatsoever. Any forwarding, distribution or reproduction of the final terms in whole or in part is unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions.

The final terms are being sent at your request and by accepting the email and accessing the final terms, you shall be deemed to have represented to us that you and any customers you represent are not a U.S. person, and the electronic mail address that you have given to us and to which this email has been delivered is not located in the U.S., its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands), or any state of the U.S. or the District of Columbia; and that you consent to delivery of the final terms by electronic transmission and that you agree to the terms set out herein.

You are reminded that the final terms have been delivered to you on the basis that you are a person into whose possession the final terms may be lawfully delivered in accordance with the
laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the final terms to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the managers or any affiliate of the managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the managers or such affiliate on behalf of the issuer in such jurisdiction.

The final terms have been sent to you in an electronic form. ## ADDITIONAL INFORMATION

While you should consider carefully the combination of the base prospectus and the final terms, not all important information is contained in the final terms. Important information that you must consider carefully includes:

Sole Arranger for the series 2016-1 notes
Citigroup
Joint Lead Managers for the series 2016-1 notes
Bank of America Merrill Citigroup
Lynch

Intended to held in a manner which would allow Eurosystem eligibility:

Yes. Note that the designation "yes" simply means that the notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper (and registered in the name of a nominee of one of the ICSDs acting as common safekeeper), and does not necessarily mean that the notes will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.

(c) the Fitch original LTV margin shall be 44 per cent.; and
(d) the Fitch interest-only mortgage loan mortgage amount is not applicable.

## Maturity and repayment considerations

The average life of the series 2016-1 notes cannot be stated because the actual rate of repayment of the mortgage loans and redemption of the mortgages and a number of other relevant factors are unknown. Calculations of the possible average life of the series 2016-1 notes can be made, however, based on certain assumptions. The assumptions used to calculate the possible average lives of the series 2016-1 notes in the following table include that:
(a) neither the issuer security nor the Funding security is enforced;
(b) the aggregate current balance of mortgage loans in the mortgages trust will not fall below an amount equal to the product of 1.07 and the principal amount outstanding of all notes of the issuer at any time;
(c) no asset trigger event or non-asset trigger event occurs;
(d) no event occurs that would cause payments on any class of any series of the notes to be deferred;
(e) the issuer exercises its option to redeem each class of each series of notes on the relevant step-up date, if any, relating to such notes;
(f) the series 2016-1 notes were issued on 28 July 2016 (as opposed to the actual issue date of 4 August 2016);
(g) each payment made by the issuer to the noteholders is paid on the $22^{\text {nd }}$ day of the relevant month in which such payment is payable, regardless of whether such date is a business day;
(h) no interest or fees are paid from mortgages trustee available principal receipts, funding available principal receipts or issuer available principal receipts;
(i) the mortgage loans are not subject to any defaults or losses, and no mortgage loan falls into arrears;
(j) the long-term, unsecured, unsubordinated and unguaranteed debt obligations of the seller continue to be rated at least "BBB+" by Fitch and "BBB+" by Standard \& Poor's. The 'long term counterparty risk assessment of the seller continues to be rated at least "A3(cr)" by Moody's; and
(k) no further series of notes are issued after the closing date specified herein.

Assumptions (e) and (f) reflect the issuer's current expectations, although no assurance can be given that repayment of the notes will occur as described. Assumptions (a) through (d) and (h) through (k) relate to unpredictable circumstances.

Based upon the foregoing assumptions, the approximate average lives of the series 2016-1 notes, at various constant payment rates for the mortgage loans, would be as follows:

Possible average life of the series 2016-1 class 1A notes (in years) (calculated on the basis of assumptions (a) to (k)
Constant payment rate (\% per annum)
$\qquad$
$\qquad$
$\qquad$

20\% $\qquad$

25\% 1.97

30\% $\qquad$1.97

35\% $\qquad$1.97

The average life of the series 2016-1 notes is subject to factors largely outside the control of the issuer and consequently no assurance can be given that these assumptions and estimates are realistic and they
must therefore be viewed with considerable caution. For more information relating to the risks involved in the use of these estimated average lives, see "Risk factors - The yield to maturity of the notes may be adversely affected by prepayments or redemptions on the mortgage loans or repurchases of mortgage loans by the seller" in the base prospectus.

## The cut-off date mortgage portfolio

The statistical and other information contained in these final terms has been compiled by reference to the mortgage loans in the cut-off date mortgage portfolio as of 30 April 2016 (the "cut-off date"). The cut-off date mortgage portfolio comprised an aggregate current principal balance of $£ 4,406,114,436.41$. The mortgage loans in the cut-off date mortgage portfolio were originated between 25 September 1998 and 30 October 2015.

In addition to the mortgage loans contained in the mortgage portfolio as of the cut-off date, the cut-off date mortgage portfolio takes into account mortgage loans which are anticipated to be: (i) assigned to the mortgages master trust; and/or, as the case may be, (ii) repurchased from the mortgages trust in accordance with the terms of the mortgage sale agreement and the mortgages trust deed, during the period from the cut-off date to the closing date.

A mortgage loan included in the cut-off date mortgage portfolio (and which has not already been assigned to the mortgages trustee) will not be so assigned to the mortgages trustee if, in the period up to (and including) the applicable assignment date, it is repaid in full or if it does not comply with the terms of the mortgage sale agreement on or about the applicable assignment date.

Once the determination has been made as to the anticipated principal balances of the notes to be issued and the corresponding size of the trust that would be required ultimately to support payments on the notes, the seller will then randomly select the mortgage loans to be assigned to the mortgages trustee on the closing date from the mortgage loans available to be so assigned on such date. It is expected that the aggregate current principal balance of the loans to be assigned to the mortgages trustee on the closing date will not exceed 770,000,000.00.

Unless indicated otherwise, the following description relates to types of mortgage loans that could be included in the mortgage portfolio as of the closing date or on any subsequent date.

The borrowers in respect of 86.63 \% of the aggregate current principal balance of the mortgage loans in the cut-off date mortgage portfolio as of 30 April 2016 have agreed to have their scheduled mortgage payments to the originators directly debited from their bank accounts.
$62.75 \%$ of the aggregate current principal balance of the mortgage loans in the cut-off date mortgage portfolio as of the cut-off date were fixed rate mortgage loans. The remaining 37.25 per cent. of the aggregate current principal balance of the mortgage loans in the cut-off date mortgage portfolio as of the cut-off date were standard variable rate mortgage loans, variable rate mortgage loans, capped rate mortgage loans, discount rate mortgage loans or tracker rate mortgage loans, as described below.

A small proportion of mortgage loans (approximately $0.57 \%$ of the aggregate current principal balance of the mortgage loans to be assigned to the mortgages trustee on the closing date) are mortgage loans extended to the relevant borrowers in connection with the purchase by those borrowers of properties from local authorities or certain other landlords under the right-to-buy schemes governed by the Housing Act 1985 (as amended by the Housing Act 2004) or (as applicable) the Housing (Scotland) Act 1987 (as amended by the Housing (Scotland) Act 2001)).

As of the cut-off date, the seller's standard variable rate for existing and new borrowers was $4.95 \%$ per annum.

The tables set out in "- Mortgage portfolio" show statistical and other information relating to all mortgage loans in the cut-off date mortgage portfolio as of the cut-off date.

Columns stating percentage amounts may not add up to $100 \%$ due to rounding.

The weighted average remaining term of the mortgage loans, as of the cut-off date, was 18.27 years. The maximum remaining term, as of the cut-off date, was 37.18 years.

## Geographical distribution of mortgaged properties

The following table shows the spread of mortgaged properties securing the mortgage loans throughout England, Wales and Scotland as of the cut-off date. No properties are situated outside England, Wales and Scotland. The geographical location of a property has no impact upon the lending criteria and credit scoring tests.

## Original loan-to-value ratios

The following table shows the range of original loan-to-value ratios, which express the current balance of a mortgage loan, as at the date of its origination, divided by the value of the mortgaged property securing that mortgage loan at the same date.

No mortgaged property has been revalued since the date of origination of the related mortgage loan other than where additional lending or re-mortgaging has been applied for since the date of origination or where the mortgage loan was a mortgage loan originated by either originator prior to $10^{\text {th }}$ April 2006 (unless originated through the intermediary/broker network) where a self assessment of the property valuation from the potential borrower was used for the valuation of the property, and in applying that self assessment to an LTV calculation, an LTV ratio of less than $75 \%$ was determined. In each of the aforementioned cases, the original valuation may have been updated with a more recent valuation, which recent valuation has been used in formulating this data.

| Original LTV \% | Aggregate Current Principal Balance (£) | \% Current Principal Balance | Number of Mortgaged Properties | \% number of Mortgage Loan Parts |

Delinquency and loss experience of the mortgage portfolio (including mortgage loans which previously formed part of the mortgage portfolio)

Since the establishment of the mortgages trust, total losses on mortgage loans in the mortgage portfolio (including mortgage loans which previously formed part of the mortgage portfolio) were $£ 4,059,238$ as at the cut-off date.

The following table summarises loans in arrears and repossession experience for mortgage loans in the mortgage portfolio (including mortgage loans which previously formed part of the mortgage portfolio) as at the cut-off date. The seller will represent and warrant on the closing date that no mortgage loan to be transferred to the mortgages trust on the closing date will have experienced any arrears in excess of an amount equal to one month's principal and interest in the prior 12 months. All of the loans in the table were originated by Clydesdale Bank PLC or Yorkshire Bank Home Loans Limited. Clydesdale Bank PLC and Yorkshire Bank Home Loans Limited service all of the loans that they originate.

The mortgage loans used for statistical purposes in the table below are administered in accordance with Clydesdale Bank PLC's administration policies. The method by which Clydesdale Bank PLC classifies mortgage loans as being in arrears is described in the base prospectus under "The servicer and the servicing agreement - Arrears and default procedures", and is important in helping to understand Clydesdale Bank PLC's arrears and repossession experience for mortgage loans in the mortgage portfolio as set forth in the following table.

## Static pool data

This section sets out, to the extent material, certain static pool information with respect to the mortgage loans in the mortgage portfolio.

The issuer has not included static pool information on prepayments in this section, as this information is not separately identified by the servicer. However, prepayment rates in respect of the mortgage loans in the mortgage portfolio are set out in the monthly reports to investors that are prepared pursuant to the servicing agreement.

The sale of new mortgage loans by the seller to the mortgages trustee is subject to conditions, including conditions required by the rating agencies, designed to maintain certain credit-related and other characteristics of the mortgages trust. These include limits on mortgage loans in arrears in the mortgage portfolio at the time of sale, limits on the aggregate balance of mortgage loans sold, limits on changes in the weighted average foreclosure frequency (WAFF) and the weighted average loss severity (WALS), minimum yield for the mortgage loans in the mortgage portfolio after the sale and maximum LTV for the loans in the mortgage portfolio after the sale. See a description of these conditions in "Assignment of the mortgage loans and related security - Assignment of the mortgage loans and their related security" in the base prospectus.

The following tables show, for each of the last eight years of origination, the distribution of loans in the mortgages trust originated in that year by delinquency category as at each year-end starting in December 2007.
